BACK DOWN**

TOUGH WORLD. TOUGH TOOLS.

From the rugged landscapes of our American origins, ROUGHNECK® has evolved into a powerhouse provider of tough tools for tough trades.

Today, we stand as the UK's dominant brand in wrecking and demolition bars, proudly offering the iconic 'Gorilla Bars'; the original, most renowned, and toughest bars you can buy.

Our unrelenting commitment to product excellence and quality assurance stands firm. Strength and durability are at the core of every tool we engineer; coupled with unparalleled service and forward-thinking eco-friendly packaging, ROUGHNECK® stands as the trusted choice for construction trade professionals.

UK #1 for wrecking and demolition bars

ROUGHNECK®
TOUGH WORLD. TOUGH TOOLS.

ROUGHNECK® tools are made for hard graft, setting the standard for quality, strength, and reliability. ROUGHNECK® excels in core competencies such as striking and demolition, landscaping, contracting, and building tools. Most ROUGHNECK® products are reassuringly supported by an impressive 25-year guarantee, serving as a testament to product quality and durability.

9500 ROUGHNECK®
bars sold every week

ROUGHNECK®
GORILLA

TOUGHER™
BY DESIGN

ROUGHNECK® GORILLA has earned a reputation for its ground-breaking tool innovations coupled with unparalleled toughness. ROUGHNECK® GORILLA holds the enviable status of UK brand leader in wrecking and demolition bars. The legendary ROUGHNECK® 'Gorilla Bars' are widely recognised as the ultimate wrecking bar making them the preferred choice for demanding demolition work.

Due to the relentless drive for optimised product design through innovation, advanced functionality, and strength, ROUGHNECK® GORILLA tools empower trade professionals to work smarter, faster, and safer.

OUR RANGE

Our ever-expanding range of quality hand tools, stretches from Striking and Demolition tools, Building tools and Landscaping and Contractor tools, to Woodworking and Cutting tools; we cover it all. Tried, tested and trusted, our products are renowned for their toughness.

PRODUCT INNOVATION

Our unrelenting focus on product innovation is fuelled by a robust research and development programme. Through rigorous consultation with trade professionals, we engineer solutions to everyday challenges, thereby enhancing efficiency, safety, and comfort. Harnessing the latest advances in material technology and cutting-edge production methods, coupled with enhanced ergonomic design, we continually forge a robust stream of new and innovative products that invigorate your business.

UNCOMPROMISING QUALITY

Engrained within ROUGHNECK® is our uncompromising dedication to product excellence, ensuring strength in every detail. Our commitment to quality starts with the factory and extends throughout our supply chain. ROUGHNECK® products are manufactured in accordance with all relevant British and European standards.

GUARANTEED TOUGH

Built for hard graft, ROUGHNECK® products boast a 25-Year guarantee*. Our commitment speaks volumes about the strength and durability of our products, designed and produced with toughness at their core.

STATE-OF-THE ART FACILITIES

We operate from our head office and showroom in Reading, plus a 184,000 ft² (17,094 m²) state-of-the-art distribution centre based in Wednesbury, West Midlands. Equal to the length of 2 football pitches, our facilities include 30,000 pallet locations and 10 dock levellers.

EXCEPTIONAL SERVICE

The latest inventory management systems ensure picking accuracy, minimal order fulfilment times and unrivalled levels of stock availability. This enables us to provide a full range of logistic solutions, everything from mixed pallets to full container loads, shipped direct to port or into your own distribution centre. Whatever your needs, we can respond quickly and efficiently, even during times of peak or unexpectedly high demand.

Stock availability

Order accuracy

EXCEPTIONAL SUPPORT

Our experienced and knowledgeable team are at the forefront of our business, helping customers with expert advice and recommendations based on their extensive industry knowledge. Going above and beyond to ensure a professional and efficient service every time.

ETHICAL AND RESPONSIBLE SOURCING

We are committed to fair, ethical, and sustainable working practices. As a proud SEDEX member we ensure that our operations are carried out in a way that protects human rights and safeguards workers, promoting social change. We actively pursue sustainable and responsible practises that protect the environment. Continuous auditing and improvement processes guarantee our high standards are maintained without compromise.

ECO-FRIENDLY PACKAGING

Demonstrating our commitment to the environment, we've eliminated all single-use plastic packaging - such as blister packs, clam packs and plastic euro-hangers - and replaced them with eco-friendly alternatives. This includes reducing our use of plastic bags, removing them altogether wherever possible.

Our aim is to lead the industry in adopting green packaging solutions that reduce their environmental impact. This is the first step of many on our sustainability journey, we aim to continually innovate, providing the best products and solutions for our customers, while minimising the impact we have on our planet.

IMPACTFUL PACKAGING AND DISPLAYS

Recognising the power of appealing presentation in driving sales, we offer an extensive selection of robust displays and impactful point-of-sale materials crafted to maximise store space, prompt impulse buys, and fuel incremental sales.

SOLUTIONS FOR EVERY BUDGET

Designed to work for you, our merchandising solutions span from free-standing tool centres to versatile range profiles, catering to every space and every budget. Our suggested profiles have been designed to maximise the use of space and offer an optimised selection of products.
